Document G716™ - 2004 - AIA Professional

A request for information (RFI) is a common business process whose purpose is to collect written information about the capabilities of various suppliers. Normally it follows a format that can be used for comparative purposes. An RFI is primarily used to gather information to help make a decision on what steps to take next.

Request for information - Wikipedia

One of the primary purposes for the relatively frequent revisions of the AIA documents is to address problems or troublesome issues that have arisen from the terms or language of the prior edition.
