Airbus Engine Description - catalog.drapp.com.ar

New Engine Option. Single-aisle leader. The A320neo (new engine option) is one of many upgrades introduced by Airbus to help maintain its A320 product line's position as the world's most advanced and fuel-efficient single-aisle aircraft family. The baseline A320neo jetliner has a choice of two new-generation engines (the PurePower PW1100G-JM from Pratt and Whitney and the LEAP-1A from CFM International) and features large, fuel-saving wingtip devices known as Sharklets.

Incorporating Airbus' "Sharklets" and two new engine choices, the A320neo Family offers maximum benefit with minimal changes from baseline A319s, A320s and A321s – delivering per seat fuel improvements of 20%, along with additional range of up to 500 nautical miles/900 km. or 2 tonnes of extra payload.

A321neo - A320 Family - Airbus

The Airbus A380 is a wide-body aircraft manufactured by Airbus. It is the world's largest passenger airliner. Airbus studies started in 1988 and the project was announced in 1990 to challenge the dominance of the Boeing 747 in the long haul market. The then-designated A3XX project was presented in 1994; Airbus launched the €9.5 billion (\$10.7 billion) A380 programme on 19 December 2000.

The Airbus A330 is a wide-body airliner made by Airbus. In the mid-1970s, Airbus conceived several derivatives of the A300, its first airliner, and developed the A330 twinjet in parallel with the A340 quadjet. In June 1987, Airbus launched both designs with their first orders. The A330-300, the first variant, took its maiden flight in November 1992 and entered service with Air Inter in January 1994.

Airbus A330 - Wikipedia

The Airbus A320 family are narrow-body airliners designed and produced by Airbus. The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France. The first member of the family was followed by the longer A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).
