Dream Journal Reflection 1. My average amount of hours of sleep per night was approximately 8 hours. I think it was a balanced time because of the fact that I typically got less sleep on school nights and caught up with sleep on the weekends, without over-sleeping. 2. I recalled almost all of my dreams.

A reflective journal (aka a reflective diary) is the perfect place to jot down some of life's biggest thoughts. In a reflective journal, you can write about a positive or negative event that you experienced, what it means or meant to you, and what you may have learned from that experience. A well-written journal can be an important tool.

Here, we review evidence that the use of subjective report as a method for probing the activities of the mind and brain is critical for a comprehensive approach to understanding memory consolidation. Indeed, recent work suggests that dream experiences recalled from sleep are a direct reflection of concomitant memory processes in the brain.
