once again stops her medications because they made her thinking “too slow.”

Assessing Competency To Stand Trial | Psychiatric Times

Forensic psychologists frequently address the essential components of competency and insanity, both of which

Online Library Evaluating Competencies Forensic Assessments And Instruments

are used to evaluate an individual's fitness to stand trial. Lawyers and the courts rely on the expertise of forensic psychologists to understand these concepts and make professional determinations based upon their legal definitions.

Forensic Psychology in Determining

Online Library Evaluating Competencies Forensic Assessments And Instruments **Insanity and Competency ...**

While one's competency to stand trial is perhaps the most familiar question raised, there are other types of competency disputes that may warrant expert competency assessment by a forensic psychiatrist. These functions include competency to represent one's self, competency to plea, competency to
