Librarianship And The Philosophy Of

In reading statements of librarianship philosophy from librarians who serve in different capacities and work in different types of libraries, there are common themes that arise, most frequently instruction, access, and intellectual freedom.

Editorial: Our Philosophies of Librarianship - In the ...

Your Philosophy of Librarianship. At academic research institutions (such as ours at USC) librarians are being held accountable, more than ever before, to provide solid evidence of the quality of their work, and of their impact on the mission of both their institution and their library. Though, in many cases, our annual reviews are summative and evaluative, at time of promotion and continuing appointment (or tenure) the expectation of our University Committee on Appointments, Promotions, and ...

Every librarian should develop a philosophy of librarianship to really assess why they are drawn to this profession. It is also something to look to when you find yourself struggling in your career. Librarians are service educators. That is, our profession is one of service and education. We are educators of others and ourselves.

Philosophy of Librarianship - Call Number Ninja

Andy Burkhardt's Philosophy of Librarianship The maxim that guides me in my career as a librarian is "forward." This is a philosophy of constant improvement. Librarianship is an ever changing field. As a librarian then, it is necessary to adapt and to quickly assimilate new ideas and information. I do not advocate forgetting the past.

Philosophy of Librarianship | Andy Burkhardt

Many librarians develop a personal philosophy or approach to their work. Some employers require librarians to create and communicate a formal philosophy of teaching or librarianship. At the same time, other librarians may have a strong personal philosophy that has never been written down.

Why Do We Do What We Do? - A Philosophy of Librarianship ...

Librarianship has a unique status among disciplines and should contribute energetically to the philosophy of information. Part II. Library Practice Experience To the extent that librarianship is an applied philosophy of information, it seeks to discover the roots of phases of information dynamics in the course of our traditional work.
