SAGE Books - Poverty is Not a Learning Disability ...

Learning poverty means being unable to read and understand a simple text by age 10. This indicator brings together schooling and learning indicators: it begins with the share of children who haven't achieved minimum reading proficiency (as measured in schools) and is adjusted by the proportion of children who are out of school (and are assumed not able to read proficiently).

Learning Poverty - World Bank

Unfortunately, the pedagogy of poverty does not work. Youngsters achieve neither minimum levels of life skills nor what they are capable of learning. The classroom atmosphere created by constant teacher direction and student compliance seethes with passive resentment that sometimes bubbles up into overt resistance.
