Transmedia TV and Audiences

The concept of transmedia storytelling is so new to television that neither a concrete economic nor artistic model exists yet. Television executives realize they must change how their business operates, but they are not willing to embrace Television 2.0 audiences at the expense of traditional television viewers.4 John Boland, an executive at

Transmedia Storytelling in Television 2

Whether transmedia is the new norm is still to be determined, but one can easily make the case that in today's fragmented media landscape, it will be a must for TV to survive.

How Transmedia Storytelling Is Changing TV

Faced with what many were calling a dying medium, US network television producers became much more aggressive in seeking out alternative business and artistic models in the beginning of this century. Most significantly, many of these producers turned to the emerging field of transmedia (ancillary texts in comicbooks, novels and new media) as a way to bolster and support television products. In ...
