### 11 body positive women on how they learnt to love their bodies

Body positivity is a social movement rooted in the belief that all human beings should have a positive body image, while challenging the ways in which society presents and views the physical body.The movement advocates the acceptance of all bodies regardless of physical ability, size, gender, race or appearance. The movement strives to change people's behaviours and perceptions towards certain ...

### Body positivity - Wikipedia

The body images often portrayed in body-positive messages often still conform to a specific beauty ideal; many people simply don't feel included in body positivity. Actress Jameela Jamil, who stars on the tv series The Good Place , is often described as one of the faces of the body positivity movement, which she suggests is miscategorization.
