INTERNATIONAL IEC STANDARD 60364-7-702

IEC 60364-7-712:2017 applies to the
electrical installation of PV systems
intended to supply all or part of an
installation. The equipment of a PV
installation, like any other item of
equipment, is dealt with only so far as its
selection and application in the
installation is concerned. This new
edition includes significant revisions and
extensions, taking into account
experience gained in the construction
and operation of PV installations, and
developments made in technology, since
the ...
