Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

### **The Wordy Shipmates - Wikipedia**

NPR contributor Vowell (Assassination Vacation, 2005, etc.) takes a hard but affectionate look at the legacy of those doughty, slightly deranged Puritans who landed in the New World in 1630. Fans will be pleased to see that Vowell's admittedly smart-alecky style is alive and well: It's not every historical monograph that tosses together Anne Hutchinson and Nancy Drew, Dolly Parton and John ...
